Dear Bargain Boxes:

Thank you so much for providing high-quality moving supplies at such a great price! When my husband and I were preparing to move from a townhouse to a single-family home, we had no idea what kind of supplies we would need to complete the task. Luckily, we thought better of my mother-in-law's advice to "just use Giant's leftover boxes" and used the tools provided on www.bargainboxes.com instead.

We purchased your *3 Bedroom Starter Kit* and were very impressed with the strength and durability of the boxes. Plus, we had just the right amount of boxes to pack the whole house! My husband was amazed—he truly thought we had ordered too many boxes, but your package was right on target. Even better, my mother-in-law commented several times on our "wonderful" boxes and asked where we got them. I proudly told her all about Bargain Boxes and your incredible services.

Thank you again for making our moving day easier to handle!

Sincerely,
