Dear Rebecca,

I wanted to thank you again for all your help moving my belongings out to Arizona from Virginia. To help me coordinate moving from Juneau, Alaska to the East Coast four years ago, and then back out West to Arizona recently was not an easy task.

Given you can only access Southeast Alaska by air or water, and hearing plenty of nightmares (particularly saltwater damage to vehicles in open containers), I was concerned, but all of my belongings, including my vehicle arrived in excellent condition. Your professionalism made everything so simple, doing all the research to find the most practical and economical way to the East Coast and now again back out West this year. You kept me informed throughout the whole process and there were no surprises with the cost.

I can't thank you enough for all of your help!

Thanks Rebecca,
Brenda
